what they said...

easy like sunday morning
(can non-geeks use it?)

catalog breadth
(a bottomless pit of learning?)

provide to gap HQ-ties?

(aka the net promoter score)

The platform was really easy to move around in and very user friendly.

I was able to expand both my soft and technical skill set.

Love the offline version, super easy to watch videos on my commute.

A wonderful resource for our client groups.
